

TURNAROUND SUPPORT

Stony Hill Advisors specializes in assisting companies grappling with financial distress by providing tailored solutions designed to meet each client's unique needs and objectives. Their suite of solutions includes personalized strategies such as debt-to-equity conversion, long-term trust indentures, and other customized debt resolution methods. By tailoring their approaches, they aim to optimize outcomes for their clients.

In addition to tailored solutions, Stony Hill Advisors extends their expertise in crisis cash management and offers guidance on managing customer and vendor relationships. They provide strategic insights and survival strategies crucial for maintaining operations during challenging financial periods.

Moreover, they navigate the legal Strictly Private and Confidential complexities of Chapter 11, a widely recognized restructuring process, guiding clients through the legal framework to achieve successful outcomes. Stony Hill Advisors excels in identifying cash opportunities within a company's assets and overhead.

They guide clients in preparing for financial battles, improving capital structure, and developing redirection and growth plans. Recognizing financial distress early on and diagnosing it comprehensively are pivotal steps they emphasize. Timely recognition can be instrumental in preventing bankruptcy and positioning the company for a successful turnaround.

Through their comprehensive solutions, Stony Hill Advisors effectively addresses the challenges inherent in the restructuring process, helping preserve valuable assets and paving the way for the company's long-term success.
